Good Morning Mondo (and All Your Voices)

In a gesture of reaching "across the aisle", I thought we could leave daily messages for Mondo here since he is intent on stalking this board (while saying he never comes here LOL).

So, hello Mondo. Happy Wednesday to all your alternate proxy personas too!

ROFLMAO... Okay... We can do that here in the scat littered sandbox of the forum.

I cannot fathom how he believes that ANYONE, aside of the "naïve rube, GOG" buys into his multi-persona nonsense anymore ?? He's not even clever about it.

Re: Good Morning Mondo (and All Your Voices)

On the short board is a brief discussion about legal pursuit of a troll, with award of heavy civil penalties for his misconduct.

Subject of this thread produced more than ninety pages of such damaging material against at least four other people, now in the investigative files of jurisdictional authorities. Every time this troll lurks here, reads something, and carries it back to his nest for ridicule and disparagement, he adds to the file. Every single time.

Should he worry? Civil follows criminal. I wonder how it will feel, a person so entrenched and immersed in politics, to be unable to vote because he's a convicted felon?

Nope. One who follows in footsteps of the one who got walloped for outrageous attacks, who is likely to see this. Who was recently caught with his pants down in the cookie jar.
I once had a stage manager named Willis.

Man, the Blew Bode is on fireThu Jul 25, 2019 1:25pm68.114.132.44 1 thread in the past 24 hours. 3.5 posters, 3 of them with an IQ < 65.

Yaller Bode averaging 2 or 3 threads a day.

Re: Good Morning Mondo (and All Your Voices)

WOW, what kind of STUPID is he ??? He BOTHERS to count posts on boards he has ZERO invested in ??? He must be awfully bored and seriously tetchd in the head to be so concerned about what WE do. Sheesh. Is he still pretending to be multiple posters and counting them as if they are real people ??? LOL. Poor thing, he's losing it.

As for our boards, I'd been at the hospital most of Wednesday getting my monthly labs and multiple other tests done. While there, my rheumatologist discovered another infection on my lower neck where a tick bit me last week. Since I'm immunocompromised, even mild "injuries" turn into a cellulitis infection. UGH.

Plus, I spent half of Tuesday at Concord Hospital with my husband. He's having two more major surgeries-- a laminectomy on two more spinal disks in early August and then a complete L shoulder replacement in early October. We met with both surgeons to discuss "timing" and recovery.

Now, I'm at my daughter's taking care of Evelyn today and tomorrow. I'm BUSY...

Amadeus was on VACATION for a couple of weeks. What's with the claim that he's "desperate for attention" ??

Mongo is losing his marbles.

EWWWW... LOL...

I believe that it's Halloween this year, or sooner, depending on what the owners wind up doing. They don't always follow announced timetables. They closed up a bunch of databases without warning last March.

Any reason to shut a board down is a good reason for them given that they want OUT. They've closed "slow boards" already.

Latest insanity from Mongo - and the final straw, for me:

Mondo Fuego™
Where are the neck rings and lip plates?

The Enemy Within:

That's her Kultur.

This is America, not Islam.

She is not one of us.

She offers nothing but hate.

I told him I was disgusted and am leaving his board. Can't deal with the racism, hatred, and bullying anymore, it's sickening. And I'm not the only one who's attacked, ANYONE who disagrees with the little thug is attacked - either by his little gang of Righties, or his sockpuppets.

Enough, already.

Re: Good Morning Mondo (and All Your Voices)

Well, I'm not surprised. You're always welcome here, on the message board, and on R&E, so no big loss.

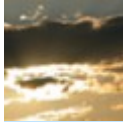

His board tends to turn folks into some version of them after being constantly exposed to it for long. Hatred and nastiness is obviously prized there and, from what I remember, there's virtually NO actual discussion about anything, only attacks on each other for simply not being of the same mind as them.

Plus, DeeDee, THE dumbest human being imaginable. The pure stupidity of that woman is enough to drive anyone out of their gourds. Plus, all of the fake posters, it's enough to disgust anyone.

It'll pass though.

Sounds like somebody scared poor little ol' Mongo, who's now worried about physical violence...lol

Mondo Fuego™
Hey, Trish ...

Mon Jul 29, 2019 3:16pm68.114.132.44

Here's what Pikey-Poo said about me.

<http://mb.boardhost.com/CivilizedDiscussion/msg/1564288788.html>

According to Mondo, my music sounds like a hacksaw. I have a hacksaw and am studying it with intent to make it an instrument. The blade can be tightened and thus tuned, and played with a rosined bow. Touching the blade in Pythagorean sections produces harmonics. Can be played with mallets too. Teeth drawn across various objects also pitches the blade. There are more sounds. My intent is to compose a piece for hacksaw, play and record the parts, put them together, and produce it. I'll use it somewhere else. But attribute of inspiration belongs to him.

[Then Pikey-Poo follows with an outrageous lie:]

He wrote libelous things about my daughter. I don't do well with people like him. What he wrote makes me feel like beating the hell out of him. When they go after our children, that crosses all kinds of lines.

Your response to Pikey-Poo's libelous post:

<http://mb.boardhost.com/CivilizedDiscussion/msg/1564322120.html>

Posted by Trish aka Loresinger on July 28, 2019, 9:55 am, in reply to "What the ____ kind of trick thread is this?"

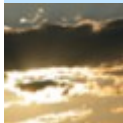

You'll find I am pretty WYSIWYG. I don't have the energy for playing games with people. I come to boards like this to talk and let off some steam periodically. What happened with your daughter is enough to make me want to beat the crap out of Mr. Fancy pants.

Seems like you two frustrated old hounds are into physical violence. Maybe you could beat each other senseless with clubs. WAIT! You two are already senseless.

P.S. - Got him to do something he claims he NEVER does, and that's ban someone (me) from his board. Apparently he got tired of being called a liar on the issue of his frequent use of sockpuppets.

All I can say to the doofus is, if you don't want to be called a liar, DON'T LIE! Like being called a racist - stop BEING one!

Quite elementary, actually... 😊

I'm not surprised. You see his whole enemies list on one page, there. It's "abuse" to Mongo if anyone disagrees with him, and he answers it by abusing THEM, then posting their posts on the Abuse page.

Born to Farm is NOT a mongo "sock puppet" and not at all normally a troublemaker. It is impossible to "sneak onto the board" ? It's a registered poster. I cannot share the "usual name" because I do not know if the choice to use a disguised name is to keep the poster's identity a secret or not.

I believe that BtF was referencing what you'd written above within this thread about never going back and not necessarily intended to be a slam on you, but a sincere, if ill-considered, inquiry about what you'd written yesterday.

It's obviously an attempt to BURY his offenses that overwhelmed the Abuse Database when R&E and the old Blue were still operational on Webapps. Won't do any good. Google his name or IP and VOILA, there they all are.

His material, from numerous reports is visible at

Looks like about twenty or more IP addresses.

Every time he writes about me, or mentions me, strengthens my case.

Pity I have to wait in line, because he did this to other people too.

I apologize if I was out of line....posting on his board makes one a bit paranoid, a bit prone to over-react.

I HAD said I was leaving, just not when or whether I'd leave entirely. I went back and took a few pot-shots at their 'goodbye' posts to me, which was probably a waste of time. Not sorry he banned me - in fact it proved a point about his claims that he 'never bans anyone' - but the observation was fair.

Sorry, BorntoFarm...

If it was during MSNBCi days they had rights to all that material. We used a back door ASP for monitoring. Anything deleted that was of that nature either went to management, or in some cases the FBI (we had some threats over state lines)

HERE IS THE LINK, COMPLIMENTS OF MERLIN. It is clearly one of mongo's sock puppets and has his approval given that he responded to it, so CANNOT claim ignorance of it, as it appears that he's trying to do. NO doubt that it's one of his own proxies too given that the IP has been used by him in the past and signed within posts as being him.

Re: Good Morning Mondo (and All Your Voices)

I read his discussion and analysis of me. He had to exemplify some of the worlds best in order to throw me under his bus. Where does that put me?

He used this one piece, this one example, and he condemned interpretation. I said in the outset I was not trying to "copy" other pianists, but to play this piece with a more subtle rubato, creating a different feeling, like a lullaby. Dynamics are there. Phrasing is there. Orchestration of voicing is strongly there, and anacusic accents that make energy surge into the downbeats. There are sotto voce, and sotto voce of sotto voce I chose to bring out. If he can't hear that, then that's his bias. I have nothing for which to apologize. If he didn't like it, he can move on. We don't all play and sound the same.

If he scoured my other online performances, and there is more Rachmaninoff, he found they ARE played in the Romantic Rachmaninoff style and tradition, with greatly elongated rubato and dynamic phrasing.

Perhaps he should play the music himself, if he has the talent to play. It takes NO talent to criticize.

Re: Good Morning Mondo (and All Your Voices)

Yes, I went to the piece on youtube and listened to it there after seeing it in Merlin's post on R&E. I noticed that you had specifically noted that you were deliberately playing it differently because you wanted it to create different moods in your video of the mountain. Obviously, he chose not to include your disclaimer so he could better smear and dismiss your talent.

Still, WHY on earth was he perusing something you did from 2011 ?? He is OBVIOUSLY STALKING YOU.

If he can do that to me, he will do that with anybody and everybody.
Who on line can ever trust him?
I don't know that people in real life can either.
That's fine.
We can let the investigative authorities sort and figure that out.

Re: Good Morning Mondo (and All Your Voices)

He is apparently OBSESSED with you now too. There is something seriously wrong with him.

Expect it to get worse now that several posters have apparently abandoned him and his board. He has to blame and take it out on someone because he simply cannot recognize his own fault in these things.

What's totally crazy is that HE is one of THE MOST ABUSIVE POSTERS on all of these boards combined, but he's spouting off and complaining about folks he views as being abusive on HIS board. At least they all LEAVE when asked to get out. Unlike him and GOG who crashed in on us every chance they got. He crashed Ken's board today too. He's got NO RESPECT for anyone.

His obsessions are getting the better of him. Stalking us and also accusing ME of being a moderator on

Ken's board is beyond NUTS.

Following up on your cowardly post on the yaller bode.

Don't bother replying. I won't engage with you. I'm just offering you a warning. Some advice.

I've never tried to sneak onto the new blew bode and get past the registration there, so actually you've failed, and there you are on the yaller bode cowardly raising a ruckus because you are too much of a p**** to come over here with your crap.

If you continue to abuse this board and its posters with your heresy and fake news, and generally being a jerk, several things might happen.

1 - Some posters here might ream you a new alimentary canal exit.

2 - I might put you in permanent time-out and then you'll be confined to your yaller and blew bode hells.

Again, don't bother responding. What I want is for you to grow some balls and stop being such a coward. I want you to back up your claim that there are better ways to secure the border than using a wall by enumerating those "better ways".

Stop. Don't type a reply. It won't do you any good. Just stop being a cowardly p****.

Don't bother replying. I won't engage with you. I'm just offering you a warning. Some

advice.

You've tried to sneak onto the new Blue Board and get past the registration there, and you've failed. So, here you are, raising a ruckus.

If you continue to abuse this board and its posters, and pose as other posters, and use sock puppet, and generally be a jerk, several things might happen.

1 - Some posters might post here less frequently or leave altogether. There are other options. I don't want to have to scrutinize the board to figure out where you're lurking. I'll post elsewhere until Ken decides how to manage you. If it takes long enough, I might stop checking back all that often.

2 - Ken might institute registration. And then you'll be confined to your board.

I don't tell Ken what to do. This is his board. I sometimes offer advice and observations. Ken is free to take them, or not. One thing I don't do is abuse his board or those who post here.

Again, don't bother responding. What I want is for you to stop your behavior and leave Ken's board in peace. It was important enough for me to break my personal rule about posting directly to you. Stop acting like a child. You have a board. You claim it is the best board out there. If that were true, you'd spend your time there.

Stop. Don't type a reply. It won't do you any good. Just stop the behavior.

It be hell on earth for Mondo to only have his own board on which to post. Having been banned by Ken, and omitted by design here, his

posting options dwindled to one.

In effect, he is confined to his room until further notice. In his room he can scream, cuss, and throw one tantrum after another, and almost nobody will care. Maybe even the dust mites who uniformly agree with him will tire of it.

LOL. He has to use his own sock puppets to stand up in solidarity with him because, otherwise, ONLY GOG will do so. Others there USUALLY ignore his ranting and raving and seldom comment. So, his invented posters have to do it for him. It couldn't be more obvious. They all come out to post when he "needs them" to stick up for him or to set up a situation for him to post a response to them that he thinks is clever. It's amusing, but pathetic.

Re: Good Morning Mondo (and All Your Voices)

It doesn't surprise me ONE BIT. He's been perma-banned from Old Blue for more than 15 years, yet posted there constantly by sneaking in using proxies and phony names.

On R&E, he is now banned for a year and a half because he not only violated his earlier ban, but stole jb's nick to post. He simply doesn't care. He's "too special" to have to follow rules that others have to follow.

Re: Good Morning Mondo (and All Your Voices)

I don't know Scott. What I wrote was an introduction.

How do you introduce yourself? You say your name and tell a little bit about what you do, or are. That opens the door for the other person to respond and tell you some things about him. Now you have a dialogue.

You find what you have in common. Then you have something upon which you can build. As you progress, you may find differences. The moment he puts you down for yours, or you put him down for his, a wall goes up, and it should. If you're smart, you never put him down for his differences, unless he breached that trust so badly, and so often, there is no other way. My one and only public shot to Mondo said so, in bold, direct, and complete terms. Then I walked away never to return. Follow me he did. Heart set on criminal revenge.

Only a selfish egotist would deliberately mistake an introduction as reason and opportunity to brag on one's self.

Every post he writes adds to the collection of evidence to prove criminal allegation.

It is like you could reach into his chest, grab and pull out his beating heart, hold it there in your hand, beating in front of his eyes, and he would still deny it and if possible, commit the crime that led to his cardiac evisceration again. What kind of stupid is that?

As for Yome and et. Both proselytized ad nauseum, and when asked to stop, or at least not overwhelm the board, they flooded the board, spamming it not just with unwanted proselytization, but very specific proselytization with intent to condemn people without provocation or cause. When asked to stop, they put up more. When told to stop, that was followed by ten and ten again more.

If Yome spammed mondo's board that way, what would he do?
Test of that question would yield a truth just like that above.

I am glad they have each other. If you ask me, that's karma.

Re: Good Morning Mondo (and All Your Voices)

Don't pay the clown any mind. He's petty and so NOT WORTH the bother. All he manages to do is dig his own hole deeper. Mongo obviously isn't smart enough to know when to put the shovel down. That will be his downfall.

As for your introduction, you were fine. You are one of the FEW there who'd never met Scott, didn't know anything much about him, and so needed to add more than everyone else.

For the record, Scott is an ER RN in an Oregon hospital. He's originally from Rochester, NY and moved about, settling in CA for a time. Now in Oregon. Obviously, deeply religious.

Scott and I have a checkered past with ups and downs. I honestly don't remember what our differences were about because I don't normally hold grudges, especially about petty stuff. That's one of the reasons that folks get way too many chances from me.

Some, who've burned me enough times, have no more chances left. Scott would not be one of them.

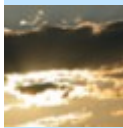

yome is nothing more than a passive aggressive TROLL. He pretends to be a true believer, but carries his hidden shank everywhere he goes, stabbing folks at will but then pretending he's kidding or he tosses out some religious BS trying to change the subject. yome was one who flooded the board with his proselytization and doing his damndest to piss us off until we deleted him on sight.

If memory serves me, it wasn't et. et was just a jokester who'd post oddball things, relentlessly, but not anywhere near yome's. He was mostly harmless, but annoying like a pesky horsefly when he'd get on a roll.

Try not to let any of the crap upset you. It's not worth the bother.

Re: Good Morning Mondo (and All Your Voices)

Yome is a 'he?' I'm a bit surprised...I didn't know, and for some reason had assumed him to be a her. Seemed kind of like an older woman or something.

He's an oddball...mostly Christian stuff, occasional attacks on you and others who criticize Mongo, whom he seems to be fond of, for some reason. I've been annoyed by but made peace with him a couple of times, wondered what his game was.

Pesky at worst...and nowhere NEAR as pesky as Bauer, the King of Pests.

Re: Good Morning Mondo (and All Your Voices)

Yes, yome is a he. His brother was et. et died a few years ago. Heart attack. Yome posted et's obituary online, revealing his own name in the process.

yome uses an identical proxy to mongo's, which is quite disturbing. If you check out the 3 links to the abuse database that are in my post to him on R&E <https://mb.boardhost.com/ReligionAndEthics/msg/1566009536.html> you'll see that yome and mongo both used identical IPs in the abuse database. I wasn't sure what to make of that. But, his avid devotion to mongo makes me wonder... BIG TIME. Or maybe yome is actually a vicious troll in disguise TOO ??

Re: Good Morning Mondo (and All Your Voices)

Mongo is going NUTS over there now...he's banned Merlin (oh, sorry, given him a 'week-long time out' -the same thing he said he was doing to me, the liar) for 'pimping' the other boards, supposedly.

Mondo Fuego™

Merlin is in Time-Out for 1 week for pimping for whores.

Mon Aug 19, 2019 1:46am68.114.132.44

Sorry, dude, but when you start recruiting our folks to serve as minions for your dominatrices on the blew and yaller squalor sh*t boards, I will put a stop to it.

I have had enough of your incessant anti-Trump sh*t, but you have pushed it to the limit.

You are in time-out for 1 week.

If you don't come back after that, I really don't give a flying f**k. You can take Trish with you too.

Getting rid of you, greenpus and faggyuru would be a blessing.

Re: Good Morning Mondo (and All Your Voices)

There's another thread below that where he decided to ban Merlin which is even nastier, and I won't bother quoting.

Funny that even some of his pets like Ted and Eleanor have asked him to reinstate me, not that I'd ever post there again as a regular. But I think they see the Caligula he's turning into...just openly admitting that he won't tolerate dissent anymore. I'd guess that has a lot to do with people like Merlin, Trish, myself and a couple others actually bringing some diverse opinions to his little echo chamber - and openly mocking his nasty posts.

Sad, as his idol would say... 😊

ROFLMAO... Well that explains Merlin's post on MESSAGE BLUE today about "things working out better than expected"...

Truly PATHETIC. He's OBVIOUSLY scared of losing his "customer base" and somehow values the likes of Dee Dee, GOG, and others without a brain to tolerating dissent. That must be why he seems to think that's what WE do. We've never banished anyone who didn't beg for it with their behavior.

I hear that Teddikins seems to think he got posts deleted for disagreement ... ?? I don't recall him being booted by any mods or targeted for post removals ?? I suspect that he was stupid enough to post responses to nasty trolls whose posts were deleted and his went out with them ??? He was always obnoxious with his "Tedlish talk", but I don't recall him being a troublemaker, just a fanatical BRAGGART.

Dee Dee lies about why she and Curmy were booted. She's a flat out LIAR who posted something nasty about Catholics and then tried to blame HER POST on me editing it. NEVER HAPPENED and I proved it because the IP gets replaced with the editor if anyone edits on Webapps and her OWN IP was still attached to it. THAT'S why she was booted. She not only LIED her butt off, but then tried to smear mods as changing posts, which caused posters to think that was even possible without leaving behind proof that it happened and that they might be accused of things that they didn't post. But it's NOT POSSIBLE.

Curmy later did the SAME DAMNED THING.

Eleanor is a fraud. She has the IDENTICAL IP to both Gandalf and the vicious troll JUAN who posted endless vulgarities all over the board. Now, with registration, posters CANNOT alter their log in names, so can't troll under false monikers. They can do that to their heart's content on R&E because there is no registration. If Ken is good with that, well, that's up to him. But we won't allow it because it promotes NASTY TROLLS.

and here's the PROOF of Eleanor's DECEPTION

Ted & Eleanor just want you back as a TARGET. But hey, if that's fun for all of you, that's all fine and good. mongo probably won't allow it though since he's SO THREATENED.

It's TOO FUNNY that he banned Merlin for inviting others to other boards to post. What, does he think they won't come back ?? Yeah, probably. LOL

Re: Good Morning Mondo (and All Your Voices)

I'm sure he's afraid of just that. No surprise GOG has settled in there, he's gotten good at kissing Mongo's butt. Even some other posters have commented on it. True Grit (not sure who that is) has become the current critic, although Mondo has threatened him with expulsion, too - after he called out Mongo for claiming that he 'never banned anyone' and believed in 'free speech,' ironically.

He's been very upset that Scott has been posting on the R & E Board as well, so yeah...he's afraid of losing suckers...er, posters...from his nasty little board.

Re: Good Morning Mondo (and All Your Voices)

True Grit ?? Just guessing that it's HH ?? No clue, however.

Can't imagine why Scott posting on R&E upsets him ?? It's a

place that totally fits Scott. It's HIGHLY doubtful that he'll join Blue, even though he's been invited, simply because it's not really his "cuppa", or never was, but who knows ??

Mongo won't have anyone left if he keeps up with banning folks. Amusing that he seems to think that he CAN banish everyone and they CAN'T return. Of course they can. He has only ONE ban slot, same as all WEBAPPS that are on the free service. Unlike Boardhost where it's unlimited. He knows that because that's what he did to old Blue.

I don't think that he recognizes that, without targets LWers, his RWers won't have any fun there, nor will he. He'll burn through all of the proxy IPs eventually and won't get on R&E anymore either.

Re: Good Morning Mondo (and All Your Voices)

So Mondo provides a daily play by play for what happens at Ken's and here.

Anyone can visit Ken's and here, and see the difference.

That has to cost Mondo credibility, even within his loyal base.

That would be unfortunate, except for consideration of the source. Instead, its karma.

Doubtful that too many go look, but perhaps some do. If so, they'd discover how much he leaves out and find context for comments misrepresented.

Most likely, no one REALLY cares aside of GOG, and he uses his iPhone for posting, so probably doesn't go check. Too much bother.

Most everyone there already knows what mongo does elsewhere since this is hardly something new. That's why so few bother to comment.

Re: Good Morning Mondo (and All Your Voices)

More obsessive Mongo posting...he has GOG doing it too. At least he says one honest thing in this post, and it's the first three words of his subject line:

Mondo Fuego™

This is insane ... Blew Bode Psychopaths ... 12 pages
Tue Aug 20, 2019 4:30pm68.114.132.44

The psychopaths at the blew board have posted 12 full pages consisting of 310 posts of lies and slander against me. The main culprits are Sia and Pikes, with contributions from Poppet, greenman and trish.

This is off the charts. These nutjobs are greatly in need of psychiatric evaluation and possible lockup from the general population ... wait! ... that's what SchizoSia has already done with her board and posters.

These 5 pathetic misfits have recently been joined by our resident girleyman turncoat, Merlin, and there are sporadic appearances by UruDeus.

There is also a "Philopoposee" Section that is supposedly monitored and populated with wisdom by Poppet ... funny thing, it is virtually empty. I guess Flopsee ain't in great demand no mo. Nobody there would understand that disguised-in-Latin mumbo-jumbo anyway.

Oh, and she is the sockpuppet "apriori" on the yallor squalor bode. She has used more sockpuppet names over the years than anyone, including UruDeus and ol' Pokey combined.

Just take a look at the 4 "unmoderated" sections. It is effin' crazy. Spooky too.

Re: Good Morning Mondo (and All Your Voices)

His renaming people with intent to disparage and be clever speaks volumes.

If he didn't come over here, read everything with intent to use for harm, cut, paste, post and comment on his board, very little or none of this content he measures by pages and posts would exist, or need to exist, and neither would this thread. There are no lies or slander here. These are responses to his posts, and proof is in the very words he wrote. The only reason he doesn't post that disruption here is because he can't. That ability was stripped from him like a rattle from the hand of any toddler who attempted to use it for a weapon. He can't post it on R&E anymore either. All he can do is take it back to his nest and post it there.

He and his followers remark about this being a closed board. It's not to control conservative argument. It is to keep destructive trolls like him and his, out. Free speech comes with responsibility, and they clearly are irresponsible with it. Their disparagement is protected free speech too, and they have a right to express it, even in the most vulgar and crass terms possible. But when they divulge private, personal, real life information about someone with intent to damage and cause harm, that is not free speech protected by the US Constitution. We can't allow that. Prevention of posters habitually guilty of doing that, confirmed by evidence we have and retained as documented evidence, is necessary. If they feel that crimps their rights, or rights of others, tough.

It's actually ALMOST amusing. That he even CARES is what's so funny about it all. He cannot resist reading every word we say.

But, running back to post it and offer a link to come see it, all outraged as he does it, while COMPLAINING about "someone posting stuff from his board" is beyond absurd. He's DOING exactly what he's whining about us doing, not realizing that HE is the catalyst for ALL of it.

If he wasn't SO WILLING to run back with poison pills to share on his board, we'd just go back to yawning about his nonsense. BUT HE MAKES IT FUN to play along, knowing that he CANNOT RESIST.
